SPECIAL NOTICE

This list is intended for the **TRADE ONLY**. If it reaches people **NOT** entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

ALL PRICES ARE SUBJECT TO MARKET CHANGES

Terms and Conditions

TELEGRAPHIC INQUIRIES

If you fail to receive a telegraphic reply to a telegraphic inquiry it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by MAIL.

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests, without assuming responsibility.

The risk and cost of transportation belongs to purchaser.

TERMS — NURSERY STOCK

1. Cash with order AND ALWAYS ADD 10% for PACKING CHARGES. No more free packing for the duration.
2. To customers with known or approved credit rating, Net 30 days, 2% 10 days.
3. C.O.D. Orders must be accompanied by at least 25%.
4. **All Boxes and Bales Are Extra At Cost.**

TERMS — SUPPLIES (Always NET)

1. Cash with Order or C.O.D.
2. Net Cash 10 Days on known or approved credit rating.
3. **No Cash Discount on Supplies—** and no packing charges.

PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per Each," "Per 10," and "Per 100." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade, will be invoiced at an ADVANCE of 25% OVER THE TEN RATE, REGARDLESS OF THE SIZE OF THE ORDER, except in Conifers and Broadleaved Evergreens where the "Each" and "Per 10" rates apply.

Prices do not include packing charges. For cost of bales and boxes see Page 3.

All Prices Are Subject To Market Changes.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to method of grading Hedge Plants and Roses is given under such heads.

TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER. Remedy for loss must lie between the buyer and the carrier, but we will gladly render all the aid we can.

CLAIMS

All claims must be made immediately after receipt of stock.

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: **"We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."**

COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester and St. Louis, often to other points, giving you benefit of c/l freight rate (plus the handling charge billed us by transfer companies) and quick through refrigerator car service.

PACKING CHARGES

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.

Schedule of Box and Bale Charges

	6 to 7½ ft.
30 × 30.....	\$5.00
24 × 30.....	4.50
24 × 24.....	4.00

15 × 15.....	2.50
12 × 12.....	2.25

Longer or shorter boxes will be charged in proportion to above schedule.

Bales: 25c to \$2.50, according to size.

There is no packing charge on bulk car or truck loads.

REFERENCES

As to our standing and responsibility we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

Deciduous Shrubs and Trees

In listing plant material we follow **Standardized Plant Names** as far as practical.

We price Per 10 and Per 100. To obtain the lowest published price on naked-root deciduous stock, your order must cover at least fifty plants, and not less than 10 of a variety or grade. Orders for less than 10 of a variety or grade will be invoiced at an **advance of 25% over the ten rate regardless of the size of the order.**

All stock will be well branched, well rooted, and strictly up to the standard grades adopted by the American Association of Nurserymen, except as noted.

NOTE: The figures shown following the description of each variety indicate approximate height at maturity.

MALUS, Flowering Crab-Apple— Tree Form

Flowering Crabs are among the most lovely of spring-flowering trees. Their range of color runs from pure white to a brilliant carmine. Most varieties are abundantly set with showy small apples of a brilliant hue, which carry their value beyond the blooming period into the late summer and autumn. Many varieties have attractive bronze-red leaves. Highly ornamental and valuable in almost any planting. The varieties listed are either Oriental in origin or Oriental hybrids, and not as susceptible to Apple-Cedar Rust as are domestic sorts.

We specify "BB" (Balled-and-Burlapped) where we think this method of handling necessary, and have priced accordingly. Those customers who are willing to assume the risk of handling such items with roots carefully puddled (NR) may deduct from the listed price according to schedule shown below, and such items as we have not specified "BB" will be dug balled-and-burlapped by adding the amount as per schedule below.

Plants handled "NR" will have every care to protect them from drying out. Roots are carefully puddled in mud as dug, and we use damp sphagnum moss for packing material, shipping the plants in ventilated cases.

57X. TREE COUNTER — Improved:

The mechanical Tree Counter was originated by Robert Chase. This new "Feathertouch" Denominator is made of metal throughout except the plastic composition key tops. Attractively finished in tobacco brown color. The wheels are driven by gears equipped with special locking device which prevents inaccuracy. The indicating wheels contain large bold figures easily and quickly read. As the operator passes down the row he presses key indicating grade of tree. When through with a variety the dial shows total number of each grade in block. Complete with belt attached—just swing it around your waist. Each unit counts to 1,000. One revolution of the Reset Knob returns ALL units to Zero.

THE SILVER LEAF NURSERIES
Rose Hill (Lee County), Virginia

COMMONWEALTH OF VIRGINIA, DEPARTMENT OF AGRICULTURE AND IMMIGRATION
BUREAU OF PLANT INDUSTRY
To Whom It May Concern: CERTIFICATE OF NURSERY INSPECTION
THIS IS TO CERTIFY That, acting under authority of law, C. B. WILLEY, Inspector of the
Division of Plant Industry, on the 18th day of July, 1937, visited the Nursery
Premises of Silver Leaf Nurseries, at Rose Hill, Virginia, and found that the said
nursery stock growing on said premises was found to be apparently free from the live scale and other
dangerous, injurious insects and plant diseases. This Certificate can only be used on the purchased
nursery stock and such other nursery stock as may be purchased under the official tag of the Com-
missioner of Agriculture of the State of Virginia. This Certificate is valid until August 21, 1937.

76. TREE PAINT — "Treesaver":

Cut not available for this catalogue.

We now carry two types of Tree Paint. This "Treesaver" is a thin liquid paint primarily for use in painting trees in the nursery row to prevent rabbit damage — apple trees, flowering crabs, etc. Discourages borers in dogwoods.

Per Gallon Can, f.o.b. Chase.....	\$ 2.50
Per Quart Can, f.o.b. Chase.....	.80
Per Pint Can, f.o.b. Chase.....	.40

76-A. TREE PAINT—"43 For The Tree":

Cut not available for this catalogue. This is designed primarily for use in painting stubs and surfaces after pruning, or for painting of cavities before filling. It is used very successfully by many tree surgeons and landscape gardeners. A can of it should be in the kit of every home owner who uses pruning saws and shears. It is most healing in its effect. Comes in either PLASTIC or LIQUID form.

LIQUID FORM is a heavy liquid that forms an airtight coating, and should be applied on all pruned surfaces where the limb is ½-inch in diameter or larger. The medicinal oils penetrate into all parts of the cut or wound. The acids and disinfectant odors will drive away worms.

PLASTIC FORM is used in filling small cavities, cracks, crotches, etc.

Prices are the same on both LIQUID and PLASTIC. **State which is wanted.**

Per Gallon Can, f.o.b. Chase.....	2.50
Per Quart Can, f.o.b. Chase.....	.80

SOUTH CAROLINA, February 25, 1944: "My order arrived January 31st, and everything was in excellent condition. I am perfectly satisfied with the substitutions you had to make in the size of some of the plants. Your nursery certainly does a beautiful job of packing. It was hard to believe the two bales were shipped two days prior to their arrival and had traveled such a distance."

77. TREE WRAP:

A spiral bandage of treated duplex, crinkled, water-proof kraft paper for protection of newly planted shade trees against Sun Scald and Borer damage. Always start the wind at the top so that lap will gather moisture. Wrap to base of tree. Tie in place, starting at base and spiraling in opposite direction of paper.

Due to government restrictions on paper, this is now only available in odd lots varying in width from 2 inches to 8 inches, and in rolls 4 inches to 10 inches in diameter.

Per Pound, f.o.b. Chase.....\$.18

FLORIDA, February 6, 1944: "The order from you for 1000 Evergreens were received O.K. They all looked very good. I am sending you another small order on attached sheet you can ship as soon as you can."

MISSISSIPPI, February 11, 1944: "Your plants are always nice."

MISSISSIPPI, February 11, 1944: "I received your last shipment today and they arrived in good condition. I like the balls you are putting on these plants."

IOWA, February 8, 1944: "The list of stock invoiced January 29th received in fine condition and everything checks correct and satisfactory with your usual good grades."
